

CLARIN-IT in Times of COVID-19

The [WageIndicator Foundation](#), which is part of the community of the project [SSHOC – "Social Sciences & Humanities Open Cloud"](#) (H2020-INFRAEOSC-2018-2020 Call | Grant Agreement No. 823782), has launched [Living and Working in Times of the Coronavirus](#), a survey on the effects of COVID-19 on our life, work and mood. –

It is a voluntary survey currently covering 110 countries and 40 languages and requiring the simple compilation of an anonymous questionnaire.

The survey results are shown in maps and graphs updated daily.

[CLARIN](#), which hosts the WageIndicator research infrastructure, has promoted the survey.

The various national nodes of CLARIN, including CLARIN-IT, are responsible for promoting the survey in their countries.

The survey is an inexhaustible source of data for sociological analyses and investigations.

**Take part in the Survey
Living and Working
in Times of the Coronavirus
by the WageIndicator Foundation**

by filling in the following
[Questionnaire](#)
